

## *A Family-Friendly Check-In*

### *The key to a pleasant check-in*

*When staying at a hotel, the waiting time for check-in is often long. This usually makes children tired, bored and cranky. In turn, this makes the parents' waiting time unpleasant, which in turn has an impact on hotel reviews.*

*Toygroup now has a solution to this!*

*By placing a small play area for kids next to the reception, you can make sure the children have a fun waiting time, without the parents losing sight of them.*

*We offer several different product options – all easy to move and maintain. The products are available in any colour and theme according to the customer's wishes. Therefore they easily fit any interior!*
